# Practice questions – Year 5 and 6 – Negative numbers

1. 22 - 35 = (negative numbers)

2. 14 - 28 = (negative numbers)

3. 6 - 19 = (negative numbers)

4. What is the difference between 24 and -17? (negative numbers)

5. What is the difference between -12 and 8? (negative numbers)

6. What is the difference between 15 and -32? (negative numbers)

7. 22 - ___ = -14 (negative numbers)

8. 35 - ___ = -23 (negative numbers)

9. 48 - ___ = -31 (negative numbers)

# Practice question answers – Year 5 and 6 – Negative numbers

1. 22 - 35 = -13 (negative numbers)

2. 14 - 28 = -14 (negative numbers)

3. 6 - 19 = -13 (negative numbers)

4. What is the difference between 24 and -17 = 41 (negative numbers)

5. What is the difference between -12 and 8 = 20 (negative numbers)

6. What is the difference between 15 and -32 = 47 (negative numbers)

7. 22 - 36 = -14 (negative numbers)

8. 35 - 58 = -23 (negative numbers)

9. 48 - 79 = -31 (negative numbers)
