

Practice questions – Year 3 - Partitioning

1. Partition $329 = 300 + \underline{\hspace{1cm}} + \underline{\hspace{1cm}}$ (partitioning)
2. Partition $491 = \underline{\hspace{1cm}} + 90 + \underline{\hspace{1cm}}$ (partitioning)
3. Partition $638 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 8$ (partitioning)
4. Partition $3,374 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 70 + \underline{\hspace{1cm}}$ (partitioning)
5. Partition $1,825 = 1,000 + \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 5$ (partitioning)
6. Partition $4,067 = \underline{\hspace{1cm}} + \underline{\hspace{1cm}} + 7$ (partitioning)
7. Partition $\underline{\hspace{1cm}} = 3,000 + 100 + 80 + 7$ (partitioning)
8. Partition $\underline{\hspace{1cm}} = 2,000 + 600 + 9$ (partitioning)

Practice question answers – Year 3 - Partitioning

1. Partition $329 = 300 + 20 + 9$ (partitioning)
2. Partition $491 = 400 + 90 + 1$ (partitioning)
3. Partition $638 = 600 + 30 + 8$ (partitioning)
4. Partition $3,374 = 3,000 + 300 + 70 + 4$ (partitioning)
5. Partition $1,825 = 1,000 + 800 + 20 + 5$ (partitioning)
6. Partition $4,067 = 4,000 + 60 + 7$ (partitioning)
7. Partition $3,187 = 3,000 + 100 + 80 + 7$ (partitioning)
8. Partition $2,609 = 2,000 + 600 + 9$ (partitioning)
